

BASTROP REPLANT THE PARK

Wildfire in the Pines

Extension

TEKS: Earth Science 11D

Procedure: Pass out copy of *Fire Behavior*

Discuss methods for reading a topographic map.

Pass out park topographic hiking map

1. Ask students to consider what areas of the park were worst hit by the fire.
2. Ask students to plan where reforestation might be needed most, in what areas it might be most successful now
3. Show students "Burn Severity Map" and ask if that changes their answers to part 1 and 2.
